Camp Guidelines

Age Limits

All campers must be the appropriate age before the start of their camp session.

What to Bring

Campers will spend their time both indoors and outdoors during camp programs. Your child should wear clothes that are comfortable for indoor activities and hands-on, occasionally messy fun. We strongly recommend that campers bring a water bottle to stay well hydrated. Campers may wish to bring a backpack to carry extra clothing and take projects home.

Weather

Camp utilizes the natural environment of the Garden as much as possible during each session. Your child will spend the camp day both indoors and outdoors when weather permits. Please send campers with the appropriate clothing depending on the weather forecast.

Snack

We provide a healthy, peanut-free snack for all camp attendees. If your child has food allergies, please make us aware upon registration. We do our best to provide snacks that all campers can consume, but if your child has food allergies that may prevent them from eating the provided snack, please pack an alternative.

Lunch (full-day camps only)

Please send a peanut-free lunch for your child that does not require refrigeration. Campers will eat lunch together during our supervised lunch break.

Special Health Needs

If your child has special health needs, please make us aware upon registration. It is the parent's responsibility to provide all necessary information to the Garden prior to your child attending camp.

Accessibility

The Fischer Visitor Center and most of the grounds are ADA-compliant. Handicapped parking spaces are available in the parking lot.
