

BENCH
MEMORIAL & TRIBUTE GIFT ORDER FORM
*Subject to change and availability

Policy and information for the Garden bench order:

Green Bay Botanical Garden, a 501(c)3 non-profit organization, gratefully accepts charitable donations in support of the Garden, including gifts made through the bench orders. Those wishing to make a donation towards a garden bench are asked to submit a completed Order Form. Once the order form and donation are received in full, the bench and accompanying plaque will be ordered. Contributions for a bench are considered charitable donations; they do not entitle the donor to ownership of the bench or the customized plaque.

- ❖ **Bench Prices range from \$10,000 - \$15,000 – See backside for prices and locations.**
- ❖ **Plaques** – Each bench will include a customized plaque engraved with your special message. **See back side for detailed information on number of characters and lines available for each bench type.** All messages are subject to the approval of Green Bay Botanical Garden. No logos, advertisements, pictures, or special characters are permitted.
- ❖ **Location** – Green Bay Botanical Garden staff will provide you with the available bench locations within the Garden. Because of the evolving nature of the Garden, Green Bay Botanical Garden retains the right to relocate a bench. In such an event, the Garden staff will attempt to contact the donor to discuss alternative locations, however, the Garden reserves the right to make the final decision about bench relocations.
- ❖ **Bench Life Span** – Your donation for a bench allows you to have the plaque on the bench for the life of the bench. Green Bay Botanical Garden will make reasonable effort to maintain the bench in beautiful condition throughout the life of the bench. If it is determined that a bench is no longer functional, unsafe, or unacceptable aesthetically, the Garden may remove the bench and will use the contact information on file to notify the donor. Green Bay Botanical Garden is not responsible for replacing benches that are destroyed or experience damage during natural events such as tornados and falling trees.
